

## LEWIS THREATENS COAL STRIKE OVER ENTIRE COUNTRY

**President of United Mine Workers Says This  
Will Happen if Demands in Illinois Field  
Are Granted—Not to Accept Settlement  
Modifying Basic Interstate Agreement**

INDIANAPOLIS, Ind., July 24.—Possibility of a general strike of bituminous coal miners thru the central competitive field was revealed in a statement given out here today by John L. Lewis, president of the United Mine Workers of America, regarding the strike now in progress in the Illinois field. Any settlement of the Illinois strike which would modify the basic interstate agreement under which the miners of the central field are now working would result in action by the national officers to enforce an immediate shutdown of all the bituminous mines, involving a strike of two hundred and ten thousand men, Mr. Lewis said.

### Says Commission Blundered

He declined to amplify his statement declaring that he considered it self explanatory. His statement says:

"The present situation in the Illinois coal fields is directly chargeable to the lamentable blunder of the United States bituminous coal commission which in its majority award failed to provide adequate compensation for certain classifications of mine workers. This award was affirmed by President Wilson over the protest of the national officers of the United Mine Workers and in violation of the pledges of the United States government that justice would be rendered the miners.

"Since the rendition of the award the mine workers in most of the coal producing fields have been employed but a small percentage of full time due to the miserable break down of the nation's transportation facilities.

"In the meantime coal operators are charging unprecedented prices for coal and are enthusiastically engaged in what one may term the southern dance of the profiteers. In certain sections coal is selling at the outrageous and indefensible price of from eleven to twelve dollars per ton f. o. b. the mines. The American public is being sandbagged by these daring commercial vandals who stagger beneath their loot.

### Unions Keep Faith

"When the basic wage agreement between the miners and operators was consummated on March 31, the representatives of the mine workers at that time attempted to secure the acquiescence of the operators in an arrangement which would give wages to the day workers and monthly men. Their efforts were repulsed by the coal operators, who have time the United Mine Workers have in every way assumed the obligations of the wage agreement to which the Illinois coal operators are a party. The publicly expressed desire of the Illinois operators to now amend the wage agreement has not been officially transmitted to the officers of the national union which has supervision over such matters.

"If a settlement is made in Illinois which modifies the basic interstate agreement prompt action will be taken by this office to force an immediate shutdown of all mines operating in the central competitive field involving some two hundred and ten thousand men until similar modifications together with other improvements are arranged for in the other coal producing states.

Mr. Lewis would not discuss the calling of a general strike which was indicated in the last paragraph of his statement as a possibility if the miners of Illinois negotiate a separate agreement with the operators of the state.

He said he was awaiting further word regarding the attempt being made to settle the Illinois strike.

### Miners Ordered Back

Springfield, Ill., July 24.—"Go back to work," was the advice telegraphed to miners' locals today by Vice President Harry Fishwick of the Illinois Miners' union. With department of labor conciliators on the ground, waiting to start conciliation efforts Monday morning, Mr. Fishwick believes a considerable number of miners will give heed to his order and return to the mines.

Whether the conciliators, John B. Lennon of Bloomington and William H. Rogers of Albia, Ia., will hold public hearings or visit the coal fields has not been decided. Nothing will be done till Monday. Full cooperation has been assured at the miners' headquarters. The conciliators' mission here as told by Vice President Fishwick is to get the mines working again. The conciliators themselves refuse to say anything further, whether or not they have been commissioned to deal with the wage question.

Butte, Mont., July 24.—Adam Vander Haydon, said to have been a member of the Monitor crew in its historic battle with the Merimac, died here today at the age of 79.

## BELFAST SPENT SATURDAY NIGHT WITH INQUESTS

**Held Inquests on Eleven  
Victims—No  
Verdicts**

**MILITARY IN CONTROL  
OF SITUATION**

BELFAST, July 24.—(By The Associated Press.)—Belfast spent this Saturday night, which was considered the most critical one in the present crisis in inquests on the victims of three nights of rioting, inquiring her dead and in some affected districts, in preparing for another night of disorder.

The funerals of six of the victims, which it was feared might be made the occasion for disorderly demonstrations passed without untoward incident. While great crowds turned out there was no display of emblems which might arouse bitterness and the police and military kept in the back ground.

The streets were lined with people and the atmosphere was charged with tension, but the spark which might set the city ablaze was not forthcoming.

Inquests on eleven of the victims produced no new details and were adjourned without verdicts. Practically every house and shop in the section which suffered most severely prominently displayed Union Jacks as evidence of the occupants' loyalty.

In the few side streets where Catholics are predominant no flags were flying but the streets were protected by the military who had thrown wire entanglements across them to prevent the rival parties from coming to close quarters. In other streets children were found gathering stones into heaps as ammunition for their elders should the anticipated clash occur.

Sniping Resumed.

Belfast, July 24.—Sniping was resumed in the Kashmir Street at three o'clock this morning. One man was wounded. Many arrests were made in connection with last night's looting and reports from the Newtown Road district showed a total of ten wounded by a volley fired from an armed car to disperse a crowd.

BOLSHIEVIKS ARE  
THREATENING EUROPE

Hungarian Minister Sees Red  
Scheme to Overrun Europe—  
Says Country is Fortress  
of West Against the Russian.

BUDAPEST, July 22.—(By The Associated Press.)—"A new earthquake in the form of Bolshevik invasion is threatening Europe," said Count Paul Teleky, premier, in the national assembly which was convened today.

"The red offensive, the boycott and Bela Kun's escape indicate the reds scheme to overrun Europe.

"Hungary regards herself as the fortress of the west against the Russian. If Poland is due to fall the banner of Christian Democracy will be defended by the Magyars.

"If the territorial clauses of the peace treaty were revised," he continued, "there would be a chance of economic agreement leading to the reconstruction of eastern Europe."

MASKED BANDIT ROBS  
AUTOMOBILE STAGES

FRESNO, Cal., July 24.—A masked bandit armed with a rifle robbed four automobile stages enroute to Yosemite National Park about 1 o'clock today and obtained \$350 in money.

The bandit stood on a bank overlooking the road and compelled one of the passengers to alight and pass a hat among the other passengers. Each was ordered to empty his pockets. The robber declined watches and jewelry. He disappeared on foot.

## SAYS UNITED STATES MUST HELP EUROPE

Pierpont Noyes Says Self Interest  
Requires It—Can Be No Stoppage  
of Machinery With Our  
Paying Part of Bill.

NEW YORK, July 24.—Self interest requires that the United States should help out in the great crisis of Europe, according to Pierpont Noyes, who with Archbishop Hanna of San Francisco and Wallace Day, arrived here today.

Mr. Noyes is going directly to Washington to report on his work on the Rhineland commission. Conditions in Europe are very bad, he said.

"The only one of the war countries that is really getting on is Belgium," he added. "There they have buckled down to repair the ravages of the invasion. France is making no progress. The French policy now is purely military, not thru any inherent love of militarism, but thru fear of Germany."

"Now that Germany is prostrate the fear still lingers in the French heart and France can see no comfort until it is assured that its enemy is bound so tightly she cannot move hand or foot."

Regarding the position of the United States, Mr. Noyes said:

"There can be no stoppage of the world machinery in so vast an area without our having to pay a large part of the penalty, but we are paying it and will continue to have to pay it in increasing volume the longer we continue to disregard our duty and our interest."

GREEKS LANDING  
UNDER PROTECTION

Fleet Covering Landing of Last  
Detachments—Expect to Attack  
Lule Burgas.

Athens, July 24.—(By The Associated Press.)—The last detachments of Greek troops are landing at Dedeaqatch, covered by the Greek fleet.

It is expected the Rodosto column will attack Lule Burgas, and if successful cut behind Jafar Tavar Bey, Nationalist commander at Kirk Kilsie, the Bulgarian frontier. Another column is proceeding to Keshan to support the frontal attack by the main body of troops along the Maritza river against Adrianople.

The Greeks do not wish to bombard the city in which there still remains a large Greek population. While thus far the treatment of the Greeks in Adrianople is asserted that many of them have been forced to enroll as soldiers and villages have been obliged to pay indemnities when the men were not taken as soldiers.

A demand has been made on the Bulgarian government that it disarm and also deliver over any of the regular Turkish troops if they retreat over the frontier.

CUSTOMS OFFICERS  
CAPTURE TRANSPORT

San Francisco, July 24.—Customs officers, aboard a revenue cutter after a ten mile chase on San Francisco Bay, today captured the Russian transport Rogard, possession of which factions, claimed by rival Russian factions, the chase was made after representatives of what has been called the Kerensky group seized the vessel early today from the soviet captain.

## GIVE PAGEANT OF MAYFLOWER SAILING

Miles Standish, William Bradford  
and John Alden Among Those  
Present—American Historical  
Events Also Portrayed.

Southampton, July 24.—Garbed in doublets and buckskins a daring band of adventurers marched today solemnly to the shore of Southampton water and embarked on two fragile ships, the "Mayflower" and "Speedwell." Their passengers included Miles Standish, William Bradford and John Alden.

The crowd made sorrowful goodbyes and Godspeeds. One cried: "Reckon the America be a long way off." Another ventured: "Reckon none of us know what will be the ending of this sailing of the Mayflower."

This was the termination of a realistic pageant celebrating the departure of the Pilgrim Fathers, three hundred years ago. It was viewed by a large gathering and depicted scenes in the village life of England under the first Tudors. The arrival of the Huguenot refugees, Henri Portal, who escaped from France in a barrel, afforded much amusement.

Several events in American history were portrayed, among them the Boston tea party, Lincoln at Gettysburg and the American entry into the world war.

## BRITISH EMBASSY EXPLAINS FLAG INSULT

Incident Greatly Exaggerated—  
Trouble Caused By Two Drunken  
Sailors Who Later Were Arrested.

Washington, July 24.—At the request of the Bermuda authorities, the British embassy today authorized the following statement relative to the recent alleged insult to the American flag at Hamilton Bermuda:

"Recent accounts of the alleged insult to the American flag at Bermuda have been greatly exaggerated the facts being as follows:

"Two drunken sailors began to lower an American flag which was flying at a hotel in Hamilton, but when Colonel Outbridge, of the S. 23rd Infantry, remonstrated with them they desisted and left the flag flying.

"They were subsequently arrested for drunkenness and their actions were severely censured by the magistrate who fined them and handed them over to the naval escort for disciplinary action."

## FARMERS SEEK WAY TO CO-OPERATE IN SELLING PRODUCTS

**Committee Will Work  
Out Operating  
Plan**

**WOULD SELL GRAIN  
AND LIVESTOCK**

CHICAGO, July 24.—Appointment of committees to devise plans for the cooperative marketing of grain and livestock was determined upon at the final session today of the American Farm Bureau Federation. The five-stock proposal was unanimously approved when the association on that industry recommended it. This action came a few hours after the plan of the grain committee had been received favorably by a majority of the convention.

### Will Make Survey

The grain committee which will be appointed in the near future by J. R. Howard, president of the federation will be permanent with headquarters in Chicago. It will investigate existing plans of cooperative marketing and suggest new plans. Members of the committee will comprise leading grain producers, grain elevator men and others interested. After a discussion of the car shortage a resolution was adopted directing that efforts be made by the farm bureau to obtain cars to move crops. It also was recommended that freight problems be referred to the federation to obtain uniform rates and equal facilities for all farmers.

The federal trade commission was congratulated for "its substantial work in the past," and support was pledged to that organization. Another resolution indorsed deep waterway projects.

The Car Shortage

Efforts of the federation to obtain freight cars were reported by Mr. Howard. In January the federation sent a delegation to Washington to learn whether we could obtain more cars," he said. "We were advised there existed a shortage of approximately 100,000 cars and that about 120,000 more needed repairs. We were told that the best we could hope to obtain in the way of freight cars was about sixty per cent of normal equipment."

Representatives of the United States Grain Growers' association and of the National Board of Farmer Organizations who attended the meetings here announced that a convention of those organizations would be held at Columbus, Ohio, probably in August.

The committee to study plans for cooperative marketing of livestock was named tonight. Its members are James Plumb, Kansas; J. G. Brown, Indiana; James Clemons, Wisconsin; H. R. Mumford, Illinois, and C. P. Hubbard, Nebraska.

WILL RUSH ALIEN  
RADICALS DEPORTATION

NEW YORK, July 24.—Thirty-five of the party of 63 aliens brought to Ellis Island from Western and Middlewestern states are to be deported because of their radical activities. Immigration Commissioner Walls announced tonight. Four of them, he said, were rushed to an outboard vessel and sent to their native land.

Referring to the remainder, he said he planned "to make quick work of these Bolshevik deportees." They were brought here from San Francisco, Seattle, Kansas City, Chicago and other western cities.

## CHRISTENSEN SENDS MESSAGE TO HARDING

Says There Are Secret Relations  
Between United States and  
Poland—Warns Against  
Continuation of Polish-Russo  
Policy.

SALT LAKE CITY, July 24.—Parley P. Christensen, Farmer-Labor candidate for president, tonight disclosed what he said were "secret relations" between the United States and Poland whereby many millions of dollars worth of war material had been delivered to Poland. This material, he said, was delivered to Poland for use against the Russian soviet government, in exchange for long term Polish notes bearing five per cent interest.

The statements were made in a telegram to Senator Harding, calling on him to "employ your powerful position to acquaint the country with the grave possibilities to America of a continuance of the administration's Polish-Russian policy."

LEAVES BERLIN

Berlin, July 24.—(By The Associated Press.)—Victor Kopp, Russian soviet diplomatic agent in Berlin left for Moscow today to discuss with his government acceleration of the return of German prisoners from Siberia with the approach of winter.

It was believed here that his mission bears directly on the Russo-Polish situation.

## BECAUSE OF HEAVY SEAS RACE FOR CUP CALLED OFF SATURDAY

**Feared Might Result in Loss  
of Life to Challenging  
Crew**

**LIPTON MAKES PLANS  
TO EXHIBIT CUP**

ON BOARD THE STEAM YACHT VICTORIA, July 24.—By Wireless to The Associated Press.—Today's race was called off because of the fear there might be loss of life among the crew of the challenging yacht.

This explanation was given to Six Thomas Lipton by Captain Burton and Yachting Master Neill when they were called aboard the Victoria after the challenger had been returned to her moorings. "It was with the consent of the skippers of the two yachts," Sir Thomas said, "for their assent was asked and they both agreed that it was the wise thing to do. Seas were sweeping over the racers. I must add, however, that there was no suggestion from Shamrock that the race be called off." There came aboard Victoria today additional good luck charms including a big black tom cat, bedecked with a green ribbon, the mascot, according to the donor having a reputation of bringing good fortune to whoever possessed him.

"Tom," however, proved to be a poor sailor and was reported to be seasick within an hour after coming aboard.

"We will sail again next Monday, unless plans are changed," Sir Thomas said. "I feel that I am going to win and I have made up my mind to put the cup on exhibition in the British Museum for a month."

Sir Thomas said he was well satisfied Shamrock could have withstood the test of the sea today had the race been run, but he added he was better satisfied that no chances were taken with the lives of the men manning the racers.

## AMERICAN SHOOTERS CLEAN UP AT ANTWERP

Mark Aerie Champaign Olympic  
Champion—Gets 95 Out of a  
Possible 100—Broke Last Ten  
Straight.

Antwerp, July 24.—(By The Associated Press.)—America made a clean sweep today in the Olympic trapshooting, taking the first five places in the individual competition. Mark Aerie, of Champaign, Ill., is the Olympic champion. He scored 95 out of a possible 100. Frank M. Troeh of Vancouver Washn. was second with 93.

Aerie won with a sensational straight ten at the finish shooting at targets sprung at random from eight raps while Troeh who was tied with him at 90, broke only eight of the last string.

The day's shooting was done in bad weather with wind and rain and alternating sunshine.

Horace Bonser, Cincinnati, Frank S. Wright, Buffalo, and Fred Plum, Atlantic City, tied for third with 87.

The Canadian, Montgomery finished sixth with 86. Hamilton of the same team broke 82 but Vance, with 71 and Beattie with 73 were eliminated before the last ten.

The trapshooting medals will be presented Tuesday by Count H. de Baillet-Latour, president of the executive committee at his chateau.

WILL ENCOURAGE  
ARTISTIC ADVERTISING

## POLICE FIND NEW CLUES IN DETROIT MURDER MYSTERY

**Letters Furnished by  
Baggage Man May  
Lead to Solution**

**MURDERED WOMAN MAY  
HAVE BEEN MISS DAN**

NEW YORK, July 24.—Clues obtained today from handwriting contained in a series of letters which passed between Detroit and New York are expected to reveal the identity of the woman whose mutilated body was found in a trunk here yesterday, police announced tonight.

Baggage Man Shows Letters

The letters were produced by A. J. Branic, a local expressman, who also told of two South Americans for whom he stored a trunk in 1918, and one of whom later ordered it shipped to E. LeRoy, care of the Y. M. C. A., in Detroit.

The most recent letter was one received by Branic June 11 from a man in Detroit. It was signed A. A. Tatum, and ordered him to get a trunk from there June 10. He was not able to find it.

It was last January, Branic said, that he received the letter directing the trunk be sent to E. LeRoy. It was in the same handwriting as the Tatum letter but was signed O. J. Woods, the name which he said was used by one of the two South Americans. These men, according to Branic were known to him first as A. J. Fernandez and Joseph Yanez. Branic received a letter from Fernandez in Detroit in December, 1919, and in July, 1919, was asked to get a trunk and hold it until Woods wanted it. This trunk was ordered sent to LeRoy.

Throughout all the correspondence with A. A. Tatum, O. J. Woods and E. LeRoy, Branic declared, the handwriting was the same.

A man's blue serge coat found in the trunk in which an unidentified woman's body was shipped from Detroit to New York was purchased in Palatka Florida, according to police tonight. A label in the coat bore the inscription "Browning—Furnish Company, Palatka." Inquiries at Palatka, Mich., revealed that no firm doing business under that name was located there, it was said. Later the location of the firm at Palatka, Fla., was confirmed by telegraph the police said.

This information was taken to strengthen the case that "LeRoy" and "Fernandez" are the same man, saying that a South American, which "Fernandez" is believed to have been, might enter the United States by way of Palatka. Police stated that Mrs. Lotie Brooks, manager of the apartment house here where "LeRoy" occupied an apartment, had noticed an accent in his speech made her think he was a South American.

Work on New Clue.

Detroit, Mich., July 24.—The trunk in which the body of an unidentified woman was found in New York was received by Detroit police tonight, and shortly after its arrival they hurried out on what they said was a new lead. On what they said to divulge its import, it is understood the new clue came from New York in a long distance telephone conversation late today.

The belief that the woman might have been Katherine Dan, 20, of Canonsburg, Pa., was abandoned by police here today. They said relatives of the Dan girl had received letters from her written June 18. The trunk was shipped from Detroit June 10.

Dan Case Recalled.

Washington, Pa., July 24.—Authorities of Washington county, Pennsylvania, announced today they were making efforts to ascertain if the body of the woman found in a trunk in New York yesterday is that of Katherine Dan, 20, who went to Detroit early in June and has not been heard from since.

Ida Dan, a sister, and Alphonse Telford are being held here, the latter charged with violation of the Mann act and complicity in the disappearance, and the former for further investigation.

Authorities claim that details of the finding of the body in the trunk tally with facts and dates surrounding the disappearance of Katherine Dan. She left her home at Canonsburg early in June for Detroit, accompanied by Telford, authorities said. The latter was arrested in Detroit and brought here but efforts to find the girl in Detroit failed. Detectives said today that 105 Harper street, Detroit, the address found in the trunk, was the apartment in which they located Telford and found articles of the missing girl's clothing.

KANSAS WILL HAVE  
LARGE WHEAT CROP

Topeka, Kan., July 24.—J. C. Wohler, secretary of the state board of agriculture today said his latest monthly estimate of 147,000,000 bushels for the winter wheat crop is too low and that it will run over 150,000,000.

### A VIVID RECOLLECTION

February 17th 1862 the first soldier from Morgan county fell, as reported in the great rebellion. W. H. Jordan was in the engagement and it is vividly impressed on his mind. It was shortly before the battle of Pea Ridge and there was a diversity of opinion regarding the wisdom of the charge to be made by the Union troops, the commanding general being in favor and the colonel of Mr. Jordan's regiment, the famous Missouri First Cavalry, being opposed.

Mr. Jordan said Abner Upham, brother of B. R. Upham of this city was a member of his company and told him he felt if they went into that engagement he would not come out and his prophecy proved true.

Mr. Jordan was sick and Captain Barbour Lewis told him to seek a refuge in the little town. He did so and found a woman who had a little flour and she baked him a lot of biscuits which were a great treat to him they were without lard and had little rising. He took them to his company who had secured some honey and his mess had quite a treat.

In the charge Mr. Jordan insisted on taking part, tho his physical condition was such as to excuse him if he hesitated. Abner Upham, Edward Anderson, Cephas Anderson and John Grey were killed and Kent McClain and Edward King died next day from wounds. Riggs Taylor was sick and not with the company and now all left of that charge in Jacksonville are John Brown, Capt. W. A. Kirby and Mr. Jordan.

Warren B. Maddox of Bozeman, Mont., a former Jacksonville resident, was a guest of the Rotarians.

Mr. Maddox was called on for a short talk, and he called attention to the fact that the countries in which he Y. M. C. A. had operated during the war were now sending representatives to the United States for training in order to fit them for Y. M. C. A. work in their own countries.

## ROTARIANS HELD REGULAR MEETING

Interesting Talks Made by Num- of Members—Warren Maddox Tells of Y. M. C. A. Work.

The good points of Jacksonville as a location for a manufacturing company were set forth yesterday at the regular meeting of the Rotary club at the Pacific hotel.

Eleven members of the club made talks of two minutes each in which they told of their businesses and the advantages of Jacksonville in general. They were urging "Mr. I. M. Incognito," president of the Incognito Manufacturing company, a two million dollar concern to locate in the city. From the showing made yesterday when the representatives of some concern looking for a location do come along the Rotarians will be prepared to tell them all about Jacksonville and its advantages in a way that will leave an impression.

The men who spoke were: W. E. Sullivan, L. T. Potter, W. T. Capps, R. Y. Rowe, Elmer Gray, Dr. J. R. Harker, Lee Caldwell, Charles Fiedler, Dr. A. H. Dollear, Earl M. Spink and W. W. Gillham.

## ROODHOUSE MAN DIES FROM INJURIES

Charles Deck Passes Away at Passavant Hospital After Being Crushed by Train at Roodhouse—Inquest Will be Held Today—Burial at Roodhouse.

Charles Deck, of Roodhouse, died last evening at 6:40 o'clock at Passavant hospital as a result of injuries received late yesterday afternoon when he was crushed between two cars in the railway yards at Roodhouse.

Mr. Deck and another man by the name of Williams were at work in the yards putting screen doors on a caboose. Mr. Deck was standing on the ground at the end of the caboose and Williams was standing on the platform, neither one saw the signal of a switch engine which backed into the caboose catching Mr. Deck between the couplings, and crushing his spine and pelvis.

Dr. Davis was called and gave the injured man what relief was possible. He was placed on a wheat train, which was given the right of way, and rushed to Jacksonville, arriving at Passavant hospital fifty minutes after the accident occurred. The injured man was conscious up to this time but at 6:30 o'clock collapsed and died at 6:40. The body was removed to the Reynolds mortuary where it was prepared for burial.

Funeral arrangements have not yet been made but the body will be taken to Roodhouse today.

Mr. Deck was born in 1853 and has been a resident of Roodhouse for the past thirty-five years. He was a carpenter by trade and has been employed for a long time as repairman in the Chicago & Alton freight yards.

He leaves to survive him, his widow, one son, Russell, and two daughters, Mrs. Edith French, and Mrs. R. Taylor, all of Roodhouse.

The inquest will be held this morning.

### DELEGATES CHOSEN.

At a recent meeting of the U. B. F. and S. M. T. lodges delegates to the grand lodge meeting at Springfield were chosen. They were William Wright, Rev. J. W. Muse and Clarence Ross. This order is one of the strongest among the colored people of the state and elsewhere.

### EBENEZER AND WESLEY CHAPEL

The services at these two places will be conducted by the following persons.

At Ebenezer the evangelistic team from Grace church will conduct the service at the regular preaching hour.

At Wesley Chapel Rev. Thomas Tull will preach at three o'clock. At both places there will be held on election for a lay delegate to the annual conference to be held at Decatur, Ill. Sept. 8th.

A contest in the Ebenezer Sabbath school is creating great interest and as the contest ends with the Sabbath the superintendent, James Martin, is anxious that everyone who relates to the school will be present and make a great showing.

The coming of the evangelistic team will be of great benefit to all and the laymen should all come to hear what good preachers the lay preachers are.

On next Saturday, July 31st, the fourth quarterly conference will be held in the lecture room of Grace Methodist church.

## LEWIS THREATENS COAL STRIKE OVER ENTIRE COUNTRY

**President of United Mine Workers Says This Will Happen if Demands in Illinois Field Are Granted—Not to Accept Settlement Modifying Basic Interstate Agreement**

INDIANAPOLIS, Ind., July 24.—Possibility of a general strike of bituminous coal miners thru the central competitive field was revealed in a statement given out here today by John L. Lewis, president of the United Mine Workers of America, regarding the strike now in progress in the Illinois field. Any settlement of the Illinois strike which would modify the basic interstate agreement under which the miners of the central field are now working would result in action by the national officers to enforce an immediate shutdown of all the bituminous mines, involving a strike of two hundred and ten thousand men, Mr. Lewis said.

### Says Commission Blundered

He declined to amplify his statement declaring that he considered it self explanatory. His statement says:

"The present situation in the Illinois coal fields is directly chargeable to the lamentable blunder of the United States bituminous coal commission which in its majority award failed to provide adequate compensation for certain classifications of mine workers. This award was affirmed by President Wilson over the protest of the national officers of the United Mine Workers and in violation of the pledges of the United States government that justice would be rendered the miners.

"Since the rendition of the award the mine workers in most of the coal producing fields have been employed but a small percentage of full time due to the miserable break down of the nation's transportation facilities.

"In the meantime coal operators are charging unprecedented prices for coal and are exclusively engaged in what one may term the southern dance of the coal operators. In certain sections coal is selling at the outrageous and indefensible price of from eleven to twelve dollars per ton f. o. b. the mines. The American public is being sandbagged by these daring commercial vandals who stagger beneath their loot.

### Unions Keep Faith

"When the basic wage agreement between the miners and operators was consummated on March 21, the representatives of the mine workers at that time attempted to secure the acquiescence of the operators in an arrangement which would give justice to the day workers and monthly men. Their efforts were repulsed by the coal operators, since which time the United Mine Workers have in every way assumed the obligations of the wage agreement to which the Illinois coal operators are a party. The public expressed desire of the Illinois operators to now amend the wage agreement has not been officially transmitted to the officers of the national union which has supervision over such matters.

"If a settlement is made in Illinois which modifies the basic interstate agreement prompt action will be taken by this office to force an immediate shutdown of all mines operating in the central competitive field involving some hundred and ten thousand men until similar modifications together with other improvements are arranged for in the other coal producing states."

Mr. Lewis would not discuss the calling of a general strike which was indicated in the last paragraph of his statement as a possibility if the miners of Illinois negotiate a separate agreement with the operators of the state.

He said he was awaiting further news regarding the attempt being made to settle the Illinois strike.

### Miners Ordered Back

Springfield, Ill., July 24.—"Go back to work," was the advice telegraphed to miners' locals today by Vice President Harry Fishwick of the Illinois Miners' union. With department of labor conciliators on the ground, waiting to start conciliation efforts Monday morning, Mr. Fishwick believes a considerable number of miners will give heed to his order and return to the mines.

Whether the conciliators, John B. Lennon of Bloomington and William H. Rogers of Albia, Ia., will hold public hearings or visit the coal fields has not been decided. Nothing will be done till Monday. Full cooperation has been assured at the miners' headquarters. The conciliators' mission here as told by Vice President Fishwick is to get the mines working again. The conciliators themselves refuse to say anything further, whether or not they have been commissioned to deal with the wage question.

Butte, Mont., July 24.—Adam Vander Haydon, said to have been a member of the Monitor crew in its historic battle with the Merimac, died here today at the age of 79.

## BELFAST SPENT SATURDAY NIGHT WITH INQUESTS

**Held Inquests on Eleven Victims—No Verdicts**

**MILITARY IN CONTROL OF SITUATION**

BELFAST, July 24.—(By The Associated Press.)—Belfast spent this Saturday night, which was considered the most critical one in the present crisis in inquests on the victims of three nights of rioting, in burying her dead and in some affected districts, in preparing for another night of disorder.

The funerals of six of the victims, which it was feared might be made the occasion for disorderly demonstrations passed without untoward incident. While great crowds turned out there was no display of emblems which might arouse bitterness and the police and military kept in the back ground.

The streets were lined with people and the atmosphere was charged with tension, but the spark which might set the city ablaze was not forthcoming.

Inquests on eleven of the victims produced no new details and were adjourned without verdicts. Practically every house and shop in the section which suffered most severely prominently displayed Union Jacks as evidence of the occupants' loyalty.

In the few side streets where Catholics are predominant no flags were flying but the streets were protected by the military who had thrown wire entanglements across them to prevent the rival parties from coming to close quarters. In other streets children were found gathering stones into heaps as ammunition for their elders should the anticipated clash occur.

### Sniping Resumed

Belfast, July 24.—Sniping was resumed at three o'clock this morning, one man being wounded.

Many arrests were made in connection with last night's rioting and reports from the Newtonards Road district showed a total of ten wounded by a volley fired from an armed car to disperse a crowd.

## BOLSHEVIKS ARE THREATENING EUROPE

**Hungarian Minister Sees Red Scheme to Overrun Europe—Says Country Is Fortress of West Against the Russian.**

BUDAPEST, July 22.—(By The Associated Press.)—"A new earthquake in the form of Bolshevik invasion is threatening Europe," said Count Paul Teleky, premier, in the national assembly which was convened today.

"The red offensive, the boycott and Bela Kun's escape indicate the reds scheme to overrun Europe."

"Hungary regards herself as the fortress of the west against the Russian. If Poland is due to fall the banner of Christian Democracy will be defended by the Magyars."

"If the territorial clauses of the peace treaty were revised," he continued, "there would be a chance of economic agreement leading to the reconstruction of eastern Europe."

### MASKED BANDIT ROBS

### AUTOMOBILE STAGES

FRESNO, Cal., July 24.—A masked bandit armed with a rifle robbed four automobile stages enroute to Yosemite National Park about 11 o'clock today and obtained \$350 in money.

The bandit stood on a bank overlooking the road and compelled one of the passengers to alight and pass a hat among the other passengers. Each was ordered to empty his pockets. The robber declined watches and jewelry. He disappeared on foot.

## SAYS UNITED STATES MUST HELP EUROPE

**Pierpont Noyes Says Self Interest Requires It—Can Be No Stoppage of Machinery With Our Paying Part of Bill.**

NEW YORK, July 24.—Self interest requires that the United States should help out in the great crisis of Europe, according to Pierpont Noyes, who with Archbishop Hanna of San Francisco and Wallace Day, arrived here today.

Mr. Noyes is going directly to Washington to report on his work on the Rhineland commission. Conditions in Europe are very bad, he said.

"The only one of the war countries that is really getting on is Belgium," he added. "There they have buckled down to repair the ravages of the invasion. France is making no progress. The French policy now is purely militaristic, not thru any inherent love of militarism, but thru fear of Germany."

"Now that Germany is prostrate the still liners in the French heart and France can see no comfort until it is assured that its enemy is bound so tightly she cannot move hand or foot."

Regarding the position of the United States, Mr. Noyes said: "There can be no stoppage of the world machinery in so vast an area without our having to pay a large part of the penalty, but we are paying it and will continue to have the longer we continue to disregard our duty and our interest."

## GREEKS LANDING UNDER PROTECTION

**Fleet Covering Landing of Last Detachments—Expect to Attack Lule Burgas.**

Athens, July 24.—(By The Associated Press.)—The last detachments of Greek troops are landing at Dedegatch, covered by the Greek fleet.

It is expected the Rodosto column will attack Lule Burgas, and if successful cut behind Jafar Tatar Bay, Nationalist commander at Kirk Kilsie and prevent his escape over the Bulgarian frontier. Another column is proceeding to Keshan to support the frontal attack by the main body of troops along the Maritza river against Adrianople.

The Greeks do not wish to bombard the city in which there still remains a large Greek population. While thus far there is little evidence of ill treatment of the Greeks in Adrianople it is asserted that many of them have been forced to enroll as soldiers and villages have been obliged to pay indemnities when the men were taken as soldiers.

A demand has been made on the Bulgarian government that it disarm and also deliver over any of the regular Turkish troops if they retreat over the frontier.

## CUSTOMS OFFICERS

## CAPTURE TRANSPORT

San Francisco, July 24.—Customs officers, aboard a revenue cutter after a ten mile chase on San Francisco Bay, today captured the Russian transport Rogday, possession of which has been claimed by rival Russian factions. The chase was made after representatives of what has been called the Kerensky group seized the vessel early today from the soviet captain.

NEW ORLEANS, July 24.—Appointment of A. D. Schultz as athletic director of Tulane university was announced tonight. Schultz is a graduate of Michigan university and played football there in 1904, 1905, 1907 and 1908.

## GIVE PAGEANT OF MAYFLOWER SAILING

**Miles Standish, William Bradford and John Alden Among Those Present—American Historical Events Also Portrayed.**

Southampton, July 24.—Garbed in doublets and buckskins a daring band of adventurers marched today solemnly to the shore of Southampton water and embarked on two fragile ships, the "Mayflower" and "Speedwell." Their passengers included Miles Standish, William Bradford and John Alden.

The crowd made sorrowful goodbyes and Godspeeds. One cried: "Reckon the America be a long way off." Another ventured: "Reckon none of us know what will be the ending of this sailing of the Mayflower."

This was the termination of a realistic pageant celebrating the departure of the Pilgrim Fathers, three hundred years ago. It was viewed by a large gathering and depicted scenes in the village life of England under the first Tudors. The arrival of the Huguenot refugees, Henri Portail, who escaped from France in a barrel, afforded much amusement.

Several events in American history were portrayed, among them the Boston tea party, Lincoln at Gettysburg and the American entry into the world war.

## BRITISH EMBASSY EXPLAINS FLAG INSULT

**Incident Greatly Exaggerated—Trouble Caused by Two Drunken Sailors Who Later Were Arrested.**

Washington, July 24.—At the request of the Bermuda authorities, the British embassy today authorized the following statement relative to the recent alleged insult to the American flag at Hamilton, Bermuda.

Recent accounts of the alleged insult to the American flag at Bermuda have been greatly exaggerated the facts being as follows:

"Two drunken sailors began to lower an American flag which was flying at a hotel in Hamilton but when Colonel Outbridge, of the S. 23rd Infantry, remonstrated with them they desisted and left the flag flying."

"They were subsequently arrested for drunkenness and their actions were severely censured by the magistrate who fined them and handed them over to the naval escort for disciplinary action."

## JACK JOHNSON WILL

## BE REFUSED BAIL

Chicago, July 24.—Jack Johnson, former world's heavy-weight champion will be refused bail and sent to the county jail when he arrives in Chicago tomorrow in custody of a United States marshal from Los Angeles, District Attorney Clyne announced today. Johnson fled from Chicago several years ago, forfeiting \$15,000 bail following his sentence to Leavenworth penitentiary for violation of the Mann act.

## STREET CAR MEN

## WILL RETURN TO WORK

New Orleans, La., July 24.—Striking street car men today voted to return to work tomorrow under an agreement with the car company officials to leave all questions as to wage increase for settlement by three conciliators. The men have been on strike since July 1st.

## COLORADO NEEDS CARS

## TO MOVE FRUIT

Denver, Colo., July 24.—Thirteen thousand refrigerator cars will be required to move Colorado's fruit and vegetable crop, according to reports of state utility commission inspectors today. The west slope will ship 9,000 cars and the Rockyford melon crop will fill 4,000 cars. The shipments will begin August 15.

## FARMERS SEEK WAY TO CO-OPERATE IN SELLING PRODUCTS

**Committee Will Work Out Operating Plan**

**WOULD SELL GRAIN AND LIVESTOCK**

CHICAGO, July 24.—Appointment of committees to devise plans for the cooperative marketing of grain and livestock was determined upon at the final session today of the American Farm Bureau Federation. The livestock proposal was unanimously approved when the association on that industry recommended it. This action came a few hours after the plan of the grain marketing committee had been received favorably by a majority of the convention.

The grain committee which will be appointed in the near future by J. R. Howard, president of the federation will be permanent with headquarters in Chicago. It will investigate existing plans of cooperative marketing and suggest new plans. Members of the committee will comprise leading grain producers, grain elevator men and others interested. After a discussion of the car shortage a resolution was adopted directing that efforts be made by the farm bureau to obtain cars to move crops. It also was recommended that freight problems be referred to the federation to obtain uniform rates and equal facilities for all farmers.

The federal trade commission was congratulated for "its substantial work in the past," and support was pledged to that organization. Another resolution endorsed deep waterway projects.

## The Car Shortage

Efforts of the federation to obtain freight cars were reported by Mr. Howard. In January the federation sent a delegation to Washington to learn whether we could obtain more cars," he said. "We were advised there existed a shortage of approximately 100,000 cars and that about 120,000 more needed repairs. We were told that the best we could hope to obtain in the way of freight cars was about sixty per cent of normal equipment."

Representatives of the United States Grain Growers' association and of the National Board of Farmer Organizations who attended the meetings here announced that a convention of those organizations would be held at Columbus, Ohio, probably in August.

## WILL RUSH ALIEN

## RADICALS DEPORTATION

NEW YORK, July 24.—Thirty-five of the party of 63 aliens brought to Ellis Island from Western and Middlewestern cities are to be deported because of their radical activities. Immigration Commissioner Walls announced tonight. Four of them, he said, were rushed to an out-bound vessel and sent to their native land.

Referring to the remainder, he said he planned "to make quick work of these Bolshevik deportees." They were brought here from San Francisco, Seattle, Kansas City, Chicago and other western cities.

**Says There Are Secret Relations Between United States and Poland—Warns Against Continuation of Polish-Russo Policy.**

SALT LAKE CITY, July 24.—Parley P. Christensen, Farmer-Labor candidate for president, tonight disclosed what he said were "secret relations" between the United States and Poland whereby many millions of dollars worth of war material had been delivered to Poland. This material, he said, was delivered to Poland for use against the Russian soviet government, in exchange for long term Polish notes bearing five per cent interest.

The statements were made in a telegram to Senator Harding, calling on him to "employ your powerful position to acquaint the country with the grave possibilities to America of a continuance of the administration's Polish-Russian policy."

## BECAUSE OF HEAVY SEAS RACE FOR CUP CALLED OFF SATURDAY

**Feared Might Result in Loss of Life to Challenging Crew**

LIPTON MAKES PLANS TO EXHIBIT CUP

ON BOARD THE STEAM YACHT VICTORIA, July 24.—By Wireless to The Associated Press.—Today's race was called off because of the fear there might be loss of life among the crew of the challenging yacht.

This explanation was given to Six Thomas, Lipton, by Captain Burton and Yachting Master Neill when they were called aboard the Victoria after the challenger had been returned to her moorings.

"It was with the consent of the skippers of the two yachts," Sir Thomas said, "for their assent was asked and they both agreed that it was the wise thing to do. Seas were sweeping over the racers. I must add, however, that there was no suggestion from Shamrock that the race be called off." There came aboard Victoria today additional good luck charms including a big black tom cat, bedecked with a green ribbon, the mascot, according to the donor having a reputation of bringing good fortune to whoever possessed him.

"Tom," however, proved to be a poor sailor and was reported to be seasick within an hour after coming aboard.

"We will sail again next Monday, unless plans are changed," Sir Thomas said. "I feel that I am going to win and I have made up my mind to put the cup on exhibition in the British Museum for a month."

Sir Thomas said he was well satisfied Shamrock could have withstood the test of the sea. He had the race been run, but he added he was better satisfied that no chances were taken with the lives of the men manning the racers.

## AMERICAN SHOOTERS CLEAN UP AT ANTWERP

**Mark Aerie Champaign Olympic Champion—Gets 95 Out of a Possible 100—Broke Last Ten Straight.**

Antwerp, July 24.—(By The Associated Press.)—America made a clean sweep today in the Olympic trapshooting, taking the first five places in the individual competition. Mark Aerie, of Champaign, Ill., is the Olympic champion. He scored 95 out of a possible 100. Frank M. Troeh of Vancouver, Wash., was second with 93.

Aerie won with a sensational straight ten at the finish shooting at targets sprung at random from eight raps while Troeh who was tied with him at 90 broke only eight of the last string.

The day's shooting was done in bad weather with wind and rain and alternating sunshine.

Horace Baney, Cincinnati, Frank S. Wright, Buffalo, and Fred Plum, Atlantic City, tied for third with 87.

The Canadian, Montgomery, finished sixth with 86. Hamilton of the same team broke 82 but Vance, with 71 and Beattie with 73 were eliminated before the last ten.

The trapshooting medals will be presented Tuesday by Count H. de Baillet-Latour, president of the executive committee at his chateau.

Some wise statistician has figured out that the people who smoke cigars, cigarettes and pipes waste \$513,024 worth of time each day merely in scratching matches.

Now if as many people had the statistics habit as there are smokers, this loss of time would be far greater. It is unfortunately true that in many instances the compiling of statistics is much less useful than scratching matches.

A petition was circulated recently asking the county board to lease a part of the court house lot for business purposes. Twenty-five or more citizens joined in asking the county board to make the contract wherein there is question of legality, to say nothing of public policy.

All of which goes to show that it is not a difficult thing to secure

signatures to a petition. If one were circulated to tear down the court house there would probably be a reasonable number of signers.

TRANSPORTATION  
THE BASIC TROUBLE.

It isn't higher wages that laborers or mine workers need. It is steady employment that they lack. The facts are that during recent months mines of Illinois have worked less than one-third of full time. This has meant lower monthly earnings for the men. It is a question of transportation and broken down transportation at that. All that these mine workers need to give them living wages is more cars, so that the mines can be kept in full time operation.

Like so many other of the disturbing questions of the day, this one is based on transportation. Solve the car question and most of these questions will take care of themselves.

IGNORING THE RIGHTS  
OF THE PUBLIC.

Frank Farrington of the Miner's union is accredited with saying that regardless of injunctions or indictments it is his intention to get increased pay for mine laborers. John Lewis, president of the miners' organization, has said that such an increase will provoke a general mine strike throughout the entire country.

This there is evidence at hand of the truth of the charge that the present tieup of the mining industry in Illinois is the direct result of jealousy and dissension among

the leaders of the miners' organizations. Meanwhile the public rights are in jeopardy.

ELECTION INTEREST  
ALWAYS HELPS.

Two more petitions were filed Saturday by candidates for county offices. It begins to look now as if there will be a great deal of interest in the September primary. That interest augurs well for the selection of capable candidates. When lethargy prevails and there is little showing of interest, then the chances are strong that the candidates selected will not be normally strong.

Interest in an election is what counts for, after all, if men not properly qualified are elected to office—if there is an improper or weak administration of public affairs, the burden rests upon the people. The condition is the result of a lack of interest, a result of careless citizens.

"AS YE HAVE DONE  
IT INTO THESE."

It is said the state division of hygiene is now giving special attention to 1600 crippled children in the state of Illinois. Clinics have been held in various towns and cities in accordance with a definitely worked out plan, and so practically every crippled child within the state has had the opportunity of expert medical attention. True, in some instances nothing can be accomplished, but in others the attention given has brought splendid results.

They often say about religious campaigns that if the only result is to have one person turned from the wrong type of life to the right that the effort has been worth while. The same broad statement might apply to this work with crippled children. It is worth while, it is appealing, and if but one child out of the whole group is started on the road to health and strength, who can say that the humanitarian effort is not worth while—that it is not paid?

THE MODESTY  
OF GREATNESS.

Republicans while not overly enthusiastic about Senator Harding's nomination at the time it was made, are now of one mind that as they have read about the candidate and looked into his private life, that he has grown upon them. The same thing can be said of the Harding speech of acceptance. The first reading gives the impression that it is a forceful document. A second reading strengthens this opinion and suggests that the candidate has handled vital questions now before the people in a sane and rational way.

And along with the belief that Senator Harding knows whereof he speaks, there comes admiration for the modesty of the man. He stands with humility at the prospect of his holding the great office of president, and it is not a humility of the unctuous type.

There is much about this Harding modesty which fits in well with the scriptural "meekness of wisdom."

Rippling Rhymes  
By Wait Mason

Sugar.

The price of sugar's truly vicious—we're rationed at the place I board; the little sacks the grocers dish us cost more than tollers can afford. They give us many a far-fetched reason why sugar calls for so much kale; but little does their logic season our coffee, tea, or home brewed ale. A lot of reasons will not sweeten the pies on which the workers feed, and so the pastry must be eaten so sour it makes men's bosoms bleed. And all the reasons are but joshing, sent forth to cheer us when we dine; they'd all lose color in the washing, and shrink if hung upon the line. Some fat old skates are profiteering, so we lack sugar at our meals, and from our anguish they are clearing all kinds of doubloons, bucks and wheels. Some human hogs are busy raking unholy profits to their trough, while we our bitter drinks are taking, and asking where we'll all get off. My anus thru all the days are weeping, my nieces fill the house with wails; they know the tea, which now is steeping, will taste like tar and rusty nails. When will this carnival of shearing the helpless victims have an end? When will the swine now profiteering to some stone tolbooth humbly wend?

PREPARATIONS FOR  
POULTRY SHOW

On next Monday evening, July 26th, the members of the Morgan County Poultry association will meet at the home of James Vail, 607 North Diamond street. All members of the association are requested to be present as preparations will be made for the coming show that will be held Dec. 14th to 18th, 1920.

This meeting will be held on the lawn and refreshments will be served. Committees will be selected for the premium list and catalog and other interesting matters will come up.

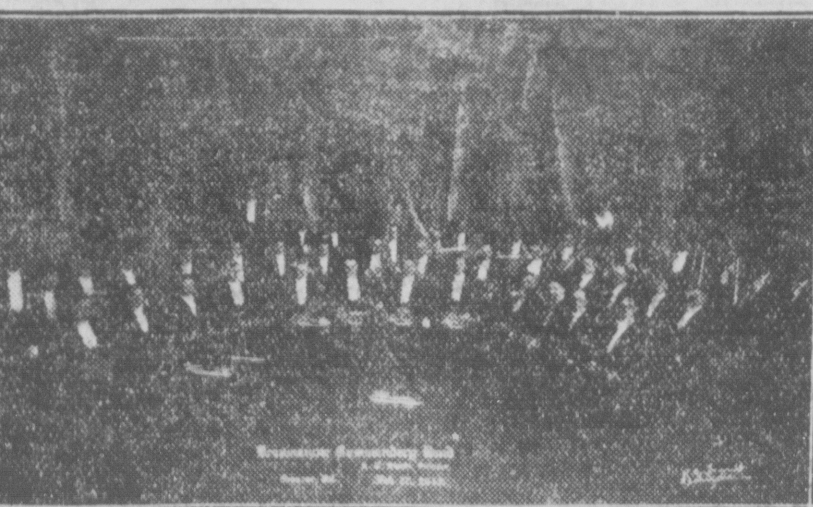

Frank S. Tarbell has been engaged to judge the coming exhibit and is coming well recommended, having judged several of the better class mid-west poultry exhibits and has given the best of satisfaction. Mr. Tarbell is also known as an expert on culling hens and selecting the best layers. Mr. Tarbell will be asked to give one of his culling demonstrations while in this city.

The prospects at this time look as if Morgan county will have the best show ever held. Poultry and eggs while not as high in price as other food stuffs is now higher than for years and the farmer who knows is buying better grade poultry and taking an interest in his birds, and is trying at all times to make them better.

JACKSONVILLE CHAUTAUQUA  
Aug. 20 to 29, Inclusive

Everybody loves to hear a big concert band. The Beaumanoir Band under the leadership of Prof. A. W. Shady has been very popular at many of the best chautauques. This thirty-piece band will give three concerts daily on Thursday, August 26 and Friday, August 27. The musical program for the assembly is exceptionally strong, varied enough to please all and there will be plenty of it.

Among the fine organizations on the program are:  
The Bohemian Orchestra of eight pieces.  
The Chautauqua Preachers Quartet, which makes records for one of the popular phonographs.  
The Garner Jubilee Sextet.  
The Vocal Glee Singers, a double male quartet.  
The Florentine Musicians.  
The Crawford Adams Company.  
The Chicago Operatic Company and our own Mrs. Helen Brown Read will give a popular concert.

This music with such noted speakers as Senator Kenyon, Strickland W. Gillilan, Mrs. Peter Olesen, Pussyfoot Johnson, and many others, and with plenty of entertainment numbers, will make as great a program as ever offered anywhere.

## "JUST A WIFE"

Adapted from the play by Eugene Walter. A genuine Broadway success, starring Kathleen Williams, Roy Stewart, Beatrice Joy with other favorite screen artists.

She married from poverty to riches, thinking riches were all she required to make her happy. The misery of riches without love proved worse than the misery of family without luxury.

He needed a wife. She wanted luxury. Their marriage was a commercial trade. Both reckoned without Dan Cupid. She wasn't clever, she wasn't brilliant—she was "just a wife!" But in the end her charms proved more powerful than those of her mentally superior rival.

He played the game hard but he played it fair. He needed

a wife—and he bought one. Then Cupid shot a dart that pierced both their hearts.

The "Eternal Triangle" once more! This time two women and one man! And the two women fought just as bitterly as any two men could have fought.

What would you do? Her husband for three years had been dominated by a beautiful woman supposed to be his private secretary—a woman close enough to him to live in his town house while his wife lived in the country. Mary took him back! What would you do?

and CompanyWILL RUN FIFTH AND  
DECIDING RACE MONDAY

Event Was Called Off Yesterday  
in the Face of a 25 Mile South-  
wester.

Sandy Hook, N. Y., July 24.—Possession of the America's trophy still hung in the balance to-night, the fifth and deciding race of the 1920 regatta between Resolute and Shamrock IV having been called off today in the face of a 25 mile southwester. The final race will be held Monday if the weather permits. Today's postponement came as a bitter surprise to a great holiday crowd that had gone out to Ambrose channel light ship. But the skipper of the racers obviously considered discretion the better part of valor.

Veteran yachtsmen thought they might have taken a chance on the twenty-five mile wind but for the fact that weather forecasts promised sharp squalls which might have worked much harm. Today's was the second postponement because of heavy weather in the history of contests for the America's cup. The first was in 1903 when Shamrock III objected to racing in a northeast gale.

All other postponements have been due to lack of wind.

Monday's race will be run over the same course that had been set for today, a 15 mile beat to windward and a 15 mile run before the wind.

WILL TEACH IN GREECE  
Miss Grace Elliott, who has for the past two years been the Director of Religious Education in the Congregational church at Kewanee, Illinois, is spending a few days visiting at the home of Professor and Mrs. G. H. Scott on Grove street.

Miss Elliott will sail August 1, for Greece where she will teach at Salonica in Macedonia in a girls' boarding school. She is going out under the American Board.

AUTO COLLISION.  
A short time since Dr. Streuter and G. W. Bunk of Arenzville, both attempted to round a corner at the same time about two miles north of Concord. Owing to obstructions neither could see the other and being in the country, neither thought of danger and possibly failed to signal. At any rate their cars came together with a fearful crash, demolishing them to considerable extent. Fortunately no one was badly hurt.

IS RETURNING TO LINCOLN  
Wilbur Hitt is returning to his home in Lincoln, Neb., today after a brief visit with home folks. Mr. Hitt was playing an engagement in Chicago last week and while there he was the guest of his brother-in-law, Leonard Crunelle. Mr. Crunelle states that his work on the Jacksonville monument is practically finished. He is hoping that the bronze and granite work may proceed smoothly from now on, and that the final unveiling may take place in early fall.

AUTO TRAVELERS.

LOCAL YOUNG MAN  
WINS HIGH HONOR

Joseph D. Becker Awarded Graduate Scholarship at Catholic University of America—Four Years' Course Will Lead to Doctor's Degree.

Joseph D. Becker son of Mr. and Mrs. A. W. Becker has the honor of winning a graduate scholarship in the Catholic University of America at Washington D. C. This is one of a number of such scholarship made possible by a fund of \$500,000 that the Knights of Columbus raised a few years ago for the purpose. The scholarship at this, the leading Catholic university of the U. S., provides tuition, room and board two or four year period and the work done will result in a doctor's degree.

The scholarship is awarded as the result of competitive tests which are open to any graduate or senior in any accredited college in the U. S. It is a credit to Routt College that the only graduates of the college who have taken the tests have been accepted. Thomas Walsh, who finished his work at Routt two or three years ago, is now at the university taking a four years' course.

Mr. Becker made an exceptional record as a student at Routt and those who are familiar with his work and ability are not surprised at the recognition that has been given him. He and his parents have every reason to be gratified over this honor that has come to him.

Letter Gives Facts.  
The letter of notification was received Saturday from Edward Pace, who is the general secretary of the university. It read as follows:

Washington, D. C.,  
July 22, 1920.  
Joseph D. Becker,  
709 East North St.,  
Jacksonville, Ill.

Dear Sir:

I take pleasure in informing you that His Eminence Cardinal Gibbons, chancellor of the university, having in view your qualification as shown by the examination of April 10th and your acceptance of the prescribed conditions, has awarded you the Knights of Columbus graduate scholarship, the tenure of the same to begin Sept. 28, 1920.

Accept my congratulations and my sincere good wishes for your success in the studies that you will take up at the university.

Sincerely yours,  
Edward A. Pace, Gen. Secy.

## FORMER LYNNVILLE PASTOR WILL SPEAK

The Rev. John Sinclair will occupy the pulpit of Central Christian church on Sunday morning at 10:45 o'clock. He was formerly pastor of the Lynnville Christian church and went from there to minister to one of the Christian churches in Kansas City, Kan., and continued as pastor there for a number of years. He is now pastor of the Christian church at Caldwell, Kan. No doubt many of his old friends will be glad to have the opportunity of again hearing him and the members and friends of the Central church will gladly welcome him to the service Sunday morning. The theme of his sermon will be "God's Providential People." The public is welcome.

**Murrayville Girl Surprised on Birthday.**

Miss Helen Rousey was pleasantly surprised Thursday evening when a number of her friends came in to help her celebrate her eighteenth birthday. Miss Rousey was invited to the home of a friend in the country for supper and when she returned home found a large company gathered there. The evening was spent with music and games, George Kennedy receiving the prize in the contest.

One of the features of the evening was the cutting of a large birthday cake. Marion Rimbey received the darling needle, Lucille Short the ring and Helen Rousey the dime. During the evening refreshments of ice cream and cake were served. The young hostess received many useful gifts.

The guests included Misses Ella Dean Myers, Ella Marie Culp, Eleanor Crouse, Helen and Iona Mae Bell, Georgia Mawson, Clara and Velda Millard, Floreca and Lucille Short, Marion Rimbey, Lucille Pennell and Helen Rousey; Messrs. Grant Jones, Floyd Hull, Frank and Lefe Lamb, Jack and Bill Pennell, Harold Mawson, Fred King, Ralph Crouse, Forrest and Howard Corey, Charles Clark, Mr. and Mrs. Edward Fuller, Mr. and Mrs. C. E. Rousey and daughter, Martha Irene, Clyde Rousey and Mr. and Mrs. C. A. Rousey.

**A CHANCE FOR A QUARREL**

It is said that two knights, well armed met in front of a tavern from which hung a shield as a sign. One knight remarked that the sign was red while the other maintained it was green and so loud became the dispute they had a hard fight and both were wounded and at last learned that both were right, one side of the shield was red and the other green.

In the furniture store of Andre & Andre is a beautiful sign setting forth the attractions of some goods but step a trifle to one side and you will see instead a beautiful maiden sitting in front of some chosen treasure. It is indeed a great curiosity.

## INJUNCTION ISSUED TO STOP BUILDING

Circuit Court Proceeding Brought to Prevent Use of Court House Lot for Meadows Shoe Shining Establishment.

A suit for injunction was filed in the circuit court Saturday to restrain county commissioners and Marion Meadows from proceeding with the erection of a building on the court house lot. George F. Brown, who is the complainant, is represented by J. O. Priest as attorney. Following the filing of the bill a temporary writ of injunction was issued by Henry W. English, master in chancery. The bill as filed by Mr. Priest, as indicated, is directed against Charles N. Wyatt and George A. Wheeler, county commissioners, and Marion Meadows. A few days since the commissioners entered into an agreement with Marion Meadows whereby they leased to him a plot of ground on the west side of the court house, with a frontage of 12 feet and a depth of 70 feet.

The lease provided that any building erected should be in compliance with the rules of the city of Jacksonville, and that a rental of \$120 a year should be paid. The bill relates the facts of the agreement and sets forth that Marion Meadows has begun the construction of a building. The complainant avers that the granting of such a privilege is wrong, contrary to law and against public policy. Further, in asking that the lease be cancelled and declared null and void, the complainant says: "This agreement is a positive violation of common sense and against reason and totally violates conscience self-esteem and self-respect of the people of this county. And in fact as this complainant alleges and avers the said lease and the said building now in the course of construction creates a positive purpose and is the exercise of a public right of the people of this county by private individuals for private interests and that therefore said lease complainant alleges and avers is wholly and totally void in law as well as in conscience void in public esteem and ought not to be endured by the people of this county."

The Loyal Boys' class and Boy Scouts of Centenary Sunday school, held their annual picnic Friday afternoon at Nichols park. Mr. C. O. Bayha is teacher of the class, also their scout master, and John Martin is their assistant scout master. They had arranged every detail to make the day an enjoyable occasion for all present. Rev. G. V. Gowdy also assisted them in the work.

Before the regular program the boys played a game of baseball. Also a number of scout stunts were given under the direction of Lee Baldwin.

Mrs. Clara Miskell was in charge of the following program: Song, "America,"—Boy Scouts. Welcome Address—Lee Baldwin.

Address, by Rev. D. V. Gowdy. Boy Scouts' Oath, by the troop, directed by Merle Martin.

Address—Assistant Scout Master John Martin.

"Scout Activities" directed by Vernon C. Miskell.

This was a very interesting exercise by which messages were received a long distance by means of signal flags.

Address—C. O. Bayha.

At the close of the program a vote of thanks was tendered to C. O. Bayha, John Martin and Rev. D. V. Gowdy for their faithful work with the boys.

The committee for arranging the supper was composed of Mrs. Anna Baldwin, Mrs. C. O. Bayha and Mrs. Thomas Martin, who had everything carefully planned, and a bountiful supper was served to a number of parents and friends who were present.

#### BOOKLET ISSUED BY ILLINOIS STUDENTS

Sets Forth History of Various Organizations—Should Prove of Value to Incoming Students.

Last Spring the student body of Illinois College reorganized the "Dorm" court and among other things voted to print a booklet setting forth the history and objects of each of the several organizations on the "Hill," in the belief that new students would become assimilated into the student body more quickly if they only knew what the various organizations were trying to do.

The booklet has come out and contains the accounts of the societies of the clubs and the constitution of the student body, and some of the traditions which go to make the student life on the "Hill."

All the stated meetings of the societies, the scheduled games, examinations, and social functions are listed on the days on which they occur in a calendar which has space left for other events and for memoranda.

The college yells and songs and the athletic records are also in the book, making it a most convenient and handy book for the upper-classmen as well as the new students. The book was gotten out by the student body and each new student will receive one as soon as he makes known his intention of being on the "Hill" next year.

### WHITE HALL CHILD INJURED BY FALL

Daughter of Clyde Heberling Falls from Porch and Gashes Forehead — W. P. Hatch to Locate in White Hall — Other News Notes.

White Hall, July 23.—Mudred, two-year-old daughter of Clyde Heberling, residing on Israel street, received an ugly gash in the forehead Thursday evening by a fall from the porch at the home of Maurice Daniels, nearby, the child striking a broken piece of tile in the fall. Today's report is that the child is responding to treatment very satisfactorily.

Today is the hottest so far this season, the temperature soaring to 100 degrees. Thursday was the next hottest at 98 degrees. The previous record figure for this season is 97 degrees. Summer has arrived.

A pit is being sunk on the coal tract at the Ruckel pottery. This will permit shipments of coal in hopper cars, and will effect relief from the car situation locally, as shipment can now be received in hopper cars as well as common coal cars. The hopper cars are dumped into the pit directly under the track, the coal then being elevated by machinery, being something new here. It is said that the sewer pipe people are planning for unloading coal

from hopper cars in a way that will be an advantage over the hand and shovel method, which is almost impossible and an exceedingly laborious method with the increased receipt of coal in dump cars.

### IMPROVEMENT IN FOOD CROPS IS REPORTED

President American Farm Bureau Federation Makes Assuring Statement About Food Crop Outlook of Middle West.

Chicago July 24.—Markets improvement in the principal food crops of the middle west has been reported in the last few weeks, in contrast to unfavorable prospects earlier in the season which gave rise to some alarm. "There is no danger that the country will starve this year," is the comment that J. R. Howard, president of the American Farm Bureau Federation, made on reviewing the situation.

President Howard reported that the corn prospect was now very fair and that wheat was really better. Corn production promised to be a little under normal, but it was well cultivated and clean and would turn out well with good weather in July and August.

While the wheat crop would not be normal, the crop condition was very fair. As against a lighter acreage there was a heavy carry over. Mr. Howard estimated that 3 per cent of last year's wheat remained on Kansas farms. In Kansas and Oklahoma better wheat crop than last year is expected.

Oats were very short and showed no improvement, Mr. Howard added.

Crops are reported late. North Dakota sends word of better crop conditions than for several years.

Reports from various states in the producing sections follow: Labor Shortage Brings New Organization.

Concordia, Kan.—Shortage of manpower in the harvest fields has prompted the organization of a peace-time counterpart of the famous war time "Waacs."

The peace time nomenclature, however, is "Women's Auxiliary Agricultural Corps." During the war the famous British women's order was Women's Army Auxiliary Corps.

"It is the only way to meet the crisis," said one of the women leaders in the movement. "There is much work that we can do and the work has to be done. Male applicants for work are scarce and want too much money."

The harvest "Waacs" are working in the harvest fields by the score, driving "headers" and binders, shocking wheat, raking hay and frequently doing more strenuous labor.

**Wheat Harvest Under Way in Kansas.**

Kansas City, Mo.—Wheat harvesting is getting under way in the wheat district south of Wichita, Kas., according to A. L. Barkman, in charge of the United States Free Employment service in Kansas City. He says a much heavier yield will be harvested than was anticipated a few weeks ago and adds that rains have improved wheat conditions greatly in northwestern Kansas. Other crops are in good condition, according to his information.

**Crop Conditions in Kansas Are Ideal.**

Topeka, Kans.—Almost ideal conditions the last few weeks have prevailed for crop planting and growth in Kansas. The condition of practically all crops is declared "excellent" by both federal and state crop authorities. In the last two months official estimates on the wheat crop now being harvested, have increased from 92,000,000 bushels to 111,000,000.

**Crop Outlook in North Dakota Best in Years.**

Fargo, N. D.—Crop conditions in North Dakota are better than they have been for several years. Small grains in the Red river valley are reported in excellent condition, sufficient rains falling in that section to reduce materially the grasshopper menace. In the western part of the state small grains also are in good condition, but the rainfall there has been light and farmers are apprehensive on account of the grasshoppers. The 1920 small grain acreage in the state is 20 per cent less than last year's.

**Condition in Oklahoma.**

Oklahoma City, Okla.—Oklahoma's growing crops generally are in better condition than a year ago, according to federal and state agricultural authorities here. Recent rains have greatly benefited corn and cotton, according to H. H. Schulz, federal crop reporter and have increased little with the harvesting of wheat, oats and barley, a way in progress. Digging of potatoes is in full. The second cutting of alfalfa is ready.

**Illinois Crop Outlook.**

Springfield, Ill.—In this part of the state is headed out, promising a good yield. Oats, because of the dry weather, is short strawed and one month late.

**Missouri Crop Results Will Be Good.**

Jefferson City, Mo.—Favorable crop results are expected in Missouri, according to the state board of agriculture, despite the inclement weather in May, which reduced conditions to 69 per cent of normal.

It is estimated the state will yield 29,162,160 bushels of winter wheat, 161,000 of spring wheat and 39,775,750 of oats, although 550,000 acres are idle.

**Improvement in Texas Crop Conditions.**

Dallas, Texas.—Crop conditions in Texas improved materially during the three weeks period ending June 20, according to the Texas Industrial Congress. All crops are reported from 30 to 40 days late, however, but with generally favorable weather since June 1 farmers are said to have made "wonderful progress in planting, replanting, and cultivating."

A summary of the report shows: From 20 to 25 per cent of the cotton crop remains to be planted; wheat and oats harvesting is in progress and potato digging is under way. A protracted drought in portions of West Texas has been broken by general rains and cattle range conditions are excellent.

The total cultivated acreage

of the state this year is 8 per cent less than in 1919. One hundred and fourteen counties report a probable cotton acreage of 10,139,000 acres, or 98 per cent of last year's acreage; condition compared with 1919, 75.8 per cent.

## DIVERNON WILL PLAY INDEES TODAY

Well Known Team from Sangamon County Will Be Local's Opponent — Have Some Men Well Known to Local Fans.

Divernon will be the Indees' opponent at South Side Park this afternoon. The visitors come with a reputation of being one of the fastest teams in this section and are figuring on the long end of the score.

Divernon has some well known players in her ranks. Dave Young will be remembered here as a hard hitter and fast base runner. He caught for the old Engles at Nichols park several years ago. His brother, H. Young, is also a fast man. He will be seen at third base.

Then Manager Benyon of the Divernon aggregation also sends the name of Bennett as one of his hurlers. If it is "Doc" Bennett the locals will have their work cut out for them for "Doc" is one of the best hurlers in semi-professional baseball in this part of the country.

The Indees seemed to have found themselves last Sunday after losing several games. They looked good against Myers Brothers and gave indications of having discovered their old batting eyes. If they have teams which play against them will have to "watch their step." The teams will line up as follows:

Divernon—Ingram, lf.; Benyon, cf.; Stacy, rf.; H. Young, 3b.; Turley, ss.; Radford, 2b.; D. Young, 1b.; Henning, Bennett, p.; McIrving, c.

Indees—Denny, 3b.; Wheeler, 1b.; Ruble, 2b.; Briggs, ss.; Clark, cf.; DeFrates, rf.; Christopher, lf.; Grady, c.; Riggs, Hamm, p.

**NEW RELATIONS BETWEEN U. S. AND ARGENTINA**  
Buenos Aires. — "The new and firm current established between the United States and Argentina does not escape the notice of Argentines who are fully aware of it," said Dr. Jose Luis Cantilo, mayor of this city, in addressing the members of the local American Club at luncheon recently.

"We view this movement with profound sympathy," he continued. "We are just at the commencement of the commercial and industrial activity of the Argentine Republic. We have much to expect from American collaboration. Our lands might still be said to be deserts; our mines unexploited; our industry in the embryonic state; our commerce but recently awakened, quickened by that activity and intelligence which characterize the American. It indicates that the

time has arrived for us to join this movement and our efforts should be directed so that all business men of the great republic of the north who arrive at our shores should find the adhesion and the warmth necessary to the development of activity and progress."

**TEMPLE INAUGURATED IN SOLDIERS' HONOR**  
Paris, June, 24.—Premier Millerand has inaugurated an Annamite Temple in the Colonial Gardens at Nogent-sur-Marne, near Paris, in memory of the Annamite soldiers who fell in the service of France during the war.

Buddhist priests performed the ceremony in the presence of the accompaniment of weird Oriental music. The temple has been consecrated to the order of the Emperor of Annam. The priests offered up prayers and burned incense sticks before the altar.

## JURY INVESTIGATES DEATH OF CHARLES DECK

Coroner Rose Empanels Jury to Inquire into Death of Alton Employee Killed by Train—Verdict Indicates Neglect.

"We, the undersigned jurors, find that Charles Deck came to his death from injuries received by being crushed between the couplings of a caboose and coal car, while in the performance of his duties as carpenter for the Chicago & Alton railroad at Roodhouse, Ill., July 23, 1920.

"From the evidence in this case we further find that the death of Charles Deck was caused by apparent neglect of duty of the acting foreman as to giving warning signals."

This verdict was given by the coroner's jury empanelled by Coroner Rose to inquire into the death of Charles Deck who died at Passavant hospital Friday

night from injuries received in the Chicago & Alton yards at Roodhouse.

The jury heard the testimony of J. H. Williams who was working with Mr. Deck at the time of accident; J. W. Ferguson, acting switch foreman; Genterman, switchman; R. H. Smock, engineer; Horace Taylor, Deck's son-in-law; and Russell Deck, son of the deceased.

All of the witnesses testified that they heard no warning signal before the engine backed into the siding to couple to the caboose. Russell Deck, son of the dead man, said his father told him after the accident when his mind was perfectly clear, that he did not know the signal flag was down and never heard any warning signal.

It was after hearing this evidence that the jury returned the above verdict. The jury was composed of O. W. Branstetter, foreman; Abe Howard, C. C. Berryman, Birch B. Ridgeway, C. P. Siegfried and J. R. Reynolds. The inquest was held at the Reynolds mortuary.

Following the inquest the remains were taken to Roodhouse. Funeral services will be held there probably today.

## Farm Bureau Notes

**Limestone.**—C. H. Gibbs of Lynxville and Dr. J. H. Spencer of Murrayville have each recently ordered carloads of limestone. Both are planning to use this to start alfalfa fields.

**Tipping and Graft.**—We are not trying to distinguish between these two terms. The difference is largely in the amount involved and who receives it. We have recently alluded to two instances in Morgan county where elevator managers had to tip a member of a train crew in order to get grain cars. One of these paid \$25 for five cars, the other expended \$30 in varying amounts for this purpose. Yesterday a brakeman was heard to say that he never had set a man off a car because he had been paid for it, but if after the car had been placed, the elevator man slipped money into his pocket, the money was his. We place these instances before the public for a verdict. In the opinion of the county agent the system is rotten.

for the sections of the state now infested with chinch-bugs. This bulletin will probably be ready for distribution early in August."—W. P. Flint.

**Pig Club Work.**—Each member of the Pig Club is required to sign a set of rules governing the work. These rules are also countersigned by the parent. Each member is then given a book in which to keep a record of the expenses of the pig project and a manual of feeding especially prepared for this work.

It is our intention to have several meetings of the members at some time during the feeding period. Where there are as many as five members, a local leader is chosen who arranges for frequent meetings of the members in that community. We expect to terminate the project with a show and a sale about October 1.

**PURCHASE SILO NOW**  
If interested in concrete silo go to G. E. Houston's residence at once, one 12x42 in construction; or to C. E. Clappitt's first of week, Giant 16x40 in construction. None better made. L. G. Meyer, Agt., Bell Phone 974-3.

"Will discontinuing the growing of wheat stop the chinch-bug?" This question is an old one, and has been discussed wherever the chinch-bug is abundant. From our experience in this state, we can say positively that stopping the growing of wheat will not prevent chinch-bugs from breeding in localities where this is done.

When chinch-bugs leave their winter quarters in the spring they fly to fields of small grain, settling generally in fields of wheat and rye, as these crops, due to their size, are more attractive to them at this time of the year. In many cases, however, they settle in oats, even where wheat and rye is abundant and if no wheat or rye is present, most of the bugs will settle in oats and the remainder in grass lands. In a recent drive of half a day through the southern part of Macon county, three fields of oats were found so heavily infested with chinch-bugs that much of the grain was killed, while adjoining or nearby fields of wheat showed very few bugs.

In general, the best methods of combatting the chinch-bugs are, in the southern part of the state where the soil is not well adapted to the growing of corn, to discontinue this crop, putting in a maximum acreage of wheat and rye, as the second brood of chinch-bugs depends almost entirely on corn for their food supply. In the central sections, where corn is the main money crop, the acreage of small grain should be cut down as low as possible. In both sections the maximum acreage of legumes should be grown.

A bulletin is now being prepared giving the best rotations

## ILLINOIS SUFFRAGISTS INAUGURATE CAMPAIGN

Chicago, Ill. —With the slogan "Every Woman at the Polls in November," the Illinois Equal Suffrage association is pushing forward a drive to bring about a record-breaking registration and vote by the women of the state.

The campaign is to include women of all parties and the association declares it is to be conducted from a strictly patriotic standpoint. The state is to be thoroughly circled by pledge cards reading:

"Peace patriotism is as important as war patriotism. Therefore I will demonstrate my patriotism by voting for my country at the presidential election in November."

Efforts are being made to convince the women that a voter who does not endeavor to make intelligent use of the ballot is a slacker both in citizenship and patriotism.

Mrs. Grace Wilbur Trout, president of the suffrage association, is chairman and Mrs. J. W. McGraw vice president of the state at large.

**EX-SERVICE MEN WORK IN HARVEST FIELDS**  
Oklahoma City, Okla.—Evidence that young men of the nation who saw military service in the world war have heard the call of the country this summer is contained in a report on harvest hands issued here by Claude E. Connally, state commissioner of labor.

The report states that 60 per cent of this year's harvesters in Oklahoma had been in military service during the war, that 10 per cent were college students, and the remaining 30 per cent "floating" labor. The report, based on incomplete returns, shows 8,765 harvest hands were supplied to farmers this year, with the least delay of any other year in the history of the estate labor department.

John H. Packer, well-known electrical engineer of Liberty, Mo., who says that to look at him today no one would ever take him to be the same man he was before Tanlac restored his health. Has gained forty-four pounds.

"For two years previous to the time I began taking Tanlac, I lived principally on a raw-egg diet. During this time I was laid up in the hospital for five months and practically no hope was held out for my recovery. I don't suppose any man had a worse case of stomach trouble than I did, in fact they said I could not live.

"Tanlac did not seem to help me much at first, and I had almost made up my mind to give it up, but if I had given it up it would have been the mistake of my life. I stuck to it for a fair test and a thankful that I did for after finishing my fourth bottle, by appetite was better and I noticed myself improving.

"This encouraged me to keep on taking it and in two months I was able to eat a good square meal and digest it as good as anybody. Then it wasn't long until I got so I could go back to my work and at the time I had finished my last bottle, I had actually gained forty-four pounds in weight.

"To look at me today no one would ever take me to be the same man I was when I began taking Tanlac."

The above remarkable statement was made recently by John H. Packer, well-known electrical engineer of Liberty, Missouri. Tanlac is sold in Jacksonville by Coover & Shreve and by the leading drug store in every town. —Adv.

## Heat—the tube's enemy and the tube that overcomes it

THE one aim of Firestone in building tubes has been to defeat this tube destroyer by increasing heat resistance. Firestone's concentrated effort through the antimony process—a method by which heat-resisting power of the rubber is increased and deterioration reduced—has resulted in the Firestone High-Test Tube—a tube that parallels the quality and service of the Firestone Oversize Cord Tire.

Firestone builds this High-Test Tube bigger in sectional size, which avoids unnecessary stretch and strain when the tube is inflated. Heat-generating tension is therefore reduced.

Firestone's laminated structure—ply upon ply of thin rubber sheets, laid so the grain runs crosswise, produces a stouter tube wall.

Firestone introduced the cured-in valve pad, giving strength at the point of greatest strain.

With greater resistance to heat, greater strength and toughness, the Firestone High-Test Tube takes the same high rank as the Firestone Cord Tire.

Think what a small investment this Firestone High-Test Tube is—to protect your big investment in tires. Tell your dealer you want Firestone High-Test Tubes.

### Kopperl Insurance Agency

The Agency of Service East State and Square

Good health is absolutely necessary to success in life. With it the possibilities and opportunities are limitless.

The reason why more men and women do not make greater success and progress is because they waste so much of their nerve energy. This waste drains the system of the smashing, success-driving power and leaves it weak, listless, tired, out-of-sorts, ambitious and subject to many ills. The condition is caused more often by energy dissipated by faulty nerve action than by work.

### Success Through Conserving Nerve Force

Every man and woman can conserve their full mental and physical powers through Chiropactic. By scientific adjustment of the spinal column, the Chiropactor removes the cause of faulty nerve action and brings about a normal distribution of energy. Nature then revitalizes and regenerates the weakened and diseased system and restores the vital energy that almost invariably results in greater material benefit.

## CHIROPRACTIC

is drugless. As a means of helping Nature to restore Health and vigor it is without equal, and the results it has accomplished have been little short of miraculous. If you are sick, Chiropactic (KI-RO-PRAK-TIC) will help you to health. If you are well it will help you feel better. Just investigate.

## A FLAVO Flour Baking

HOT ROLLS, BREAD AND CAKE. How delicious they are when baked with FLAVO! She is pleased with her efforts as you will be because FLAVO is a dependable flour scientifically milled for baking and raising qualities.

THAT MEANS A LOT. It is not easy to bake with just ANY flour. The delicate starch and gluten cells must be preserved—not pulverized—a most important feature. They help the bread to raise and keep it moist.

THE MARVEL PROCESS looks after that. It's the new patented way of flour making which does not "kill" the flour in the milling nor destroy the delightful nature flavor of the wheat berry.

## Will Your Battery Last One Year Or Three?

A normal battery, if properly looked after, may last  
anywhere from two to three years. The present day  
battery equipped with the more durable machine-  
paster plates, really represents the last word in stor-  
age battery construction.

CENTRAL CHRISTIAN—Bible school at 9:30 a. m. Morning worship at 10:45. Rev. John Sinclair of Caldwell, Kans., will occupy the pulpit. Theme of the sermon "God's Providential People." Intermediate C. E. at 6:30 p. m. led by Miss Lucille Glandon. You are cordially invited to attend these services. There will not be any evening church service.

EBENEZER AND WESLEY CHAPEL. The services at these two places will be conducted by the following persons:

At Ebenezer the evangelistic team from Grace church will conduct the service at the regular preaching hour. At Wesley Chapel Rev. Thomas Tull will preach at three o'clock. At both places there will be held on election for a lay delegate to the annual conference to be held at Decatur, Ill., Sept. 8th. A contest in the Ebenezer Sabbath school is creating great interest and as the contest ends with the Sabbath the superintendent, James Martin, is anxious that everyone who relates to the school will be present and make a great showing.

The coming of the evangelistic team will be of great benefit to all and the laymen should all come to hear what good preachers the lay preachers are.

On next Saturday, July 31st, the fourth quarterly conference will be held in the lecture room of Grace Methodist church.

12-FOOT PICTURES. Stereopticon pictures will be thrown on a screen 12 feet square on the lawn of the Brooklyn church, Sunday evening, July 25, at 8 o'clock. These pictures illustrate many beautiful scenes taken from the life of Christ and will also illustrate in colors some of the famous parables of the New Testament, such as "The Sower," "The Ten Virgins," "The Prodigal Son," and others. Comfortable chairs are provided, but the pictures can easily be seen from the street, if you care to sit in your car.

No admission is charged, but a silver offering is asked to defray the expenses of the lecture. These open-air pictures are growing in popularity and you will miss a treat if you fail to come.

G. W. Randle, Pastor.

A WORTHY VETERAN OF THE GREAT WAR George E. Norman is down from Springfield for a visit with his aunt, Mrs. Willard Young of Liberty and accompanied her to the city yesterday. He is a fine looking young man and every inch a soldier too. He enlisted in the great war in the M. T. C. 41st. division and saw plenty of service. He was in the stirring engagements at St. Mihiel, Argonne, Verdun and others and was fortunate in getting thru without a serious wound. He has enlisted again, this time in the 7th U. S. Cavalry stationed at El Paso, Texas, and is home on a sixty days' furlough. He arrived in New York July 7th and lost little time in offering his services again. He says he fought the Germans and thinks, if called on, he can take a chance at the Mexicans tho all hope that will not be necessary.

## MAVERICKS

W. J. Bryan evidently believes that three times is enough for a man to run for president.

Anyway, Mr. Bryan is like the late David B. Hill, he is still a democrat. However, he has not yet made up his mind whether he will vote for Gov. Cox.

The third party promoters said both the old parties had failed Mr. Gompers said that they both failed. The dries said they both failed and the wets also believed they made a mistake. Now along comes Senator LaFollette and says the same thing. However, any party that can survive having Mr. LaFollette in it for such a long period must be a good party. And we have noticed that the large majority of the people seem to still have a little faith in their parties despite all the calamity talk.

It seems to be fashionable nowadays to bemoan the fact that the old parties refuse to break away from the traditions upon which the government is founded and follow strange Gods.

President Wilson says he and Governor Cox are of same mind on the League of Nations. They are, but the one mind is President Wilson's.

Chicago is unescapably wet says Major Dairymple, prohibition officer. It doesn't seem as tho Chicago is trying very hard to escape from her moist condition.

Jean Knott and his wife are engaged in a divorce suit. Knott is a cartoonist and the creator of "Let the Wedding Bells Ring Out," but evidently they are sadly out of tune at present.

We note that they still have

saloons in Chicago and St. Louis. Wonder what they sell in them.

Jack Johnson had \$450 and a pair of dice when he entered the United States. He must have lost his rabbit foot.

People used to speak of the Great Sahara desert but it is a pigmy compared with the present Great American desert which now embraces the entire United States.

They burned up a lot of evidence down in Southern Illinois the other day that was being held against moonshine distillers. In Jacksonville they usually drink the evidence.
